

Shutdown

Fri 2016-09-23 12:52 AM

To: 

Hi ,

I am sorry for the late mail, but I would like to inform you that there will be a COMPLETE shutdown of the faculty tomorrow morning due to the Deanery's failure to meet our demands.

The Undergraduate student body as decided to inform the postgraduates of our plan but do so in good faith that this information will not be shared with the faculty staff.

We ask that Postgraduate students who need to feed rats/cells do so before 6.30am which is when the shutdown is to commence. We ask that all Postgraduate students be out by 6.30am.

Postgraduate students are also welcome to join in the shutdown.

We hope that the Deanery will respond to us timeously and that the Postgraduate students will be able to access their labs by 3pm.

Kind regards,

University of Cape Town
