

University of Cape Town  
Cortex Club

*Inaugural Neuroscience Symposium*

# Networking the Brain

The purpose of this event is to allow up and coming researchers from many of the neuroscience-related disciplines at UCT an opportunity to present their work, highlighting the neuroscience skills available at our institution. In facilitating inter-disciplinary collaboration, the UCT Cortex Club hopes to build the future of neuroscience education and research at UCT.

**Friday, 7 November 2014**

**Wolfson Pavillion**

**14h00 – 17h30**

Light refreshments will be provided, followed by a performance by

South Africa's premier sleight of hand artist

**Stuart Lightbody**
