

# INVITATION TO ALL RESEARCHERS

# DEAN'S OPEN FORUM

ENHANCING PARTICIPATION AND DISCUSSION IN THE FACULTY

## HUMAN RESEARCH ETHICS

The Dean Professor Wim de Villiers invites researchers in the Faculty of Health Sciences to a Forum on Human Research Ethics. Professor Marc Blockman will give a presentation on changes in ethics requirements for undergraduate and postgraduate research. We invite researchers to submit questions for Professor Blockman on other topics related to human research ethics. These will be collated and addressed at the Forum.
