

Dear Colleagues

Please join the Center for Open Science (<https://cos.io/>), for an introductory webinar. This webinar introduces COS and basic bio statistical concepts. This sessions is hosted by The Global Health Network (<https://tghn.org/>). Both these organizations offer a wide range of free and open source resources and services - i.e. statistical support offered by COS and clinical trial tools & templates offered by TGHN

Date: 19th January 2016

Time: 14:00pm -16:00pm

Venue: Health Lab 1,
Anatomy building
Basement/Level 1
UCT Medical School

RSVP: By 18th January 2016 to
cody.leisegang@uct.ac.za
