Programme

Short Course on Policy Processes, and Disability Rights

Course convenors: Professor Harsha Kathard and Mrs Chioma Ohajunwa

16-18 July 2014

Target audience:

The course is aimed at professionals in all fields, policy makers and implementers at national, provincial and municipal levels of government offices, non-governmental organizations, disabled people organizations, principals of school, academics and university students who need to undertake an elective course, for accreditation, project managers and faith based communities who want to learn more about policy development and the contexts and factors that impact on the implementation of policies for disabled people.

Expected Learning Outcomes

Describe, discuss and critique policy processes and implementation with regards to rights of disabled people

Specific learning outcomes

- To critically appraise what policy is,
- to explain the process of policy development for disability inclusion
- To analyze policy for disability inclusion.
- To critically evaluate the issues around the implementation of policy and its relationship to the dynamics of social change, related to the equalization of opportunities for disabled people in Africa.
- To lobby and raise awareness of current disability related policy across sectors regarding equal opportunities and disability rights

Course structure:

The course is for three days and is structured to be interactive consisting of seminars, small group discussions, presentations and activities. These activities are aimed at drawing from, and building on participants' policy literacy, knowledge and understanding of policy processes and a critical discussion of policy implementation for disabled people within own, as well as wider context. The activities will culminate with the writing of a policy brief.

Time: 08h30-17h00 (for the 3 days)

Venue: Barnard Fuller Medical School, UCT

Course Fees: R4500
