UCT Medical School**

When: Wednesday 30th July at 17h00

Light refreshments will be provided

Honours programmes offered at UCT Medical School aim to introduce students to an academic or research career in a broad range of biomedical science disciplines, preparing them for relevant MSc & PhD programmes, and/or career directions in professional research, service & healthcare. As a BMedSc(Hons) student you will have opportunity to participate in internationally recognised research groupings in the Faculty.

*To apply go to www.uct.ac.za and select "Apply online to study at UCT" on "Highlights" menu
Further information on the Hons programmes is available at <http://www.health.uct.ac.za/fhs/apply/postgrad/degrees>*
