

Who's Your Dealer?

What is the role of the research pharmacist?

Dear Colleagues

Please join us for an information session regarding 'The Role of Pharmacists within Clinical Studies', hosted by the Clinical Research Centre (CRC).

The aim of this session is to discuss the various roles and responsibilities of research pharmacists with regards to Investigational Medicinal Product (IMP) Management. We will discuss how to ensure your research complies with good clinical practice (GCP) and local legislation and regulations with regards to IMP.

Date: Friday 27th Feb 2015 from 1:30-2:30pm OR Wednesday 4th March 2015 from 12-1pm

Venue: Clinical Research Centre (CRC), L Floor (L51), Groote Schuur Hospital (Old Main Building)

RSVP: Nicky.Kramer@uct.ac.za, or 0810462785 OR
wynand.smythe@uct.ac.za or 0722487808
