ANNUAL MRC SCIENTIFIC MERIT AWARDS 2014

The inaugural MRC awards ceremony held at a gala event in Cape Town in 2013 was a resounding achievement aimed at supporting excellence in health research and to recognise world-class science. This awards ceremony complimented the progress achieved by the South African Medical Research Council during its revitalisation process which now sees the organisation focusing on the top ten causes of death in South Africa. The MRC has also established the Strategic Health Innovation Partnerships (SHIP), which is a funding and project management department, whose role is to fund new preventions, diagnostics, therapies and devices for priority diseases/health problems, such as HIV, TB, Malaria, and non-communicable diseases.

There are less than 17 DAYS to go!

Nominate researchers working in priority health areas who will be recognised at the prestigious Annual MRC Scientific Merit Awards 2014

NOMINATIONS CLOSE 31 MAY 2014
