# South African Vascular Ultrasound Course

**03 - 06 December 2014, Cape Town**

*Groote Schuur Hospital & UCT Private Academic Hospital, Cape Town*

Announcing the first South African Vascular Ultrasound Course (SAVUC 2014), December 3-6, in Cape Town this year

This pilot project is targeted at vascular fellows in training, ultrasonographers with an interest in vascular imaging, vascular surgeons and specialists or trainees in other disciplines wanting to develop their ultrasound imaging skills

The course will provide a basic introduction to vascular ultrasound imaging with the emphasis on live demonstrations and an intensive hands-on vascular ultrasound workshop over four days.
