Community resource 2: Identifying hearing loss in children

Find your child's age range in the checklist. Check "yes" or "no" for each item. After you complete the checklist, if any of the items are checked "no," show it to your child's doctor. Tell the doctor if you think your child has trouble hearing.

Birth to 3 Months	1 to 2 Years YES NO Knows a few parts of the body and
Reacts to loud sounds Calms down or smiles when spoken to Recognizes your voice and calms down if crying When feeding, starts or stops sucking in response to sound Coos and makes pleasure sounds Has a special way of crying for different needs Smiles when he or she sees you	can point to them when asked Follows simple commands ("Roll the ball") and understands simple questions ("Where'syour shoe?") Enjoys simple stories, songs, and rhymes Points to pictures, when named, in books Acquires new words on a regular basis Uses some one- or two-word questions ("Where kitty?" or "Go bye-bye?") Puts two words together ("More
Birth to 3 Months	cookie") Uses many different consonants sounds the beginning of words
Reacts to loud sounds Calms down or smiles when spoken to Recognizes your voice and calms down if crying When feeding, starts or stops sucking in response to sound Coos and makes pleasure sounds Has a special way of crying for different needs Smiles when he or she sees you	2 to 3 Years YES NO Has a word for almost everything? Uses two- or three-word phrases to talk about and ask things Uses k, g, f, t, d, and n sounds Speaks in a way that is understood by family members and friends Names objects to ask for them or to direct attention to them
	3 to 4 Years
Follows sounds with his or her eyes Responds to changes in the tone of your voice Notices toys that make sounds Pays attention to music Babbles in a speech-like way and	Hears you when you call from another room Hears the television or radio at the same sound level as other family members Answers simple "Who?" "What?" "Where?" and "Why?" questions
	Months Reacts to loud sounds Calms down or smiles when spoken to Recognizes your voice and calms down if crying When feeding, starts or stops sucking in response to sound Coos and makes pleasure sounds Has a special way of crying for different needs Smiles when he or she sees you Birth to 3 Months

sounds that beginwith p, b, and m Laughs Babbles when excited or unhappy Makes gurgling sounds when alone or playingwith you Months to 1 Year	☐ Talks about activities at daycare, preschool, or 'friends' homes ☐ ☐ Uses sentences with four or more words ☐ ☐ Speaks easily without repeating syllables or words
	4 to 5 Year
Enjoys playing peek-a-boo and pat-a-cake Turns and looks in the direction of sounds Listens when spoken to Understands words for common items such a "cup", "shoe", or "juice" Responds to requests ("Come here") Babbles using long and short groups of sounds("tata, upup, bibibi") Babbles to get and keep attention Communicates using gestures such as waving holding up arms Imitates different speech sounds Has one or two words ("Hi," "dog," "Dada," or "Mama") by first birthday	Pays attention to a short story and answers simple questions about it Hears and understands most of what is said a home and in school Uses sentences that give many details Tells stories that stay on topic Communicates easily with other children and adults Says most sounds correctly except for a few (I, s, r, v, z, ch,sh, and th) Uses rhyming words Names some letters and numbers Uses adult grammar
