

Activity 3

What can you see when you examine the pinna? Choose a partner and look at both ears of your partner and examine the pinna. Mark off each your findings on the examination chart.

Choose a partner and look at both ears of your partner and examin the pinna. Mark off each of your findings on the examination chart.

EXAMINATION OF THE PINNA	LEFT EAR		RIGHT EAR	
	YES	NO	YES	NO
Is there any infection of the skin around the ear or in the pinna?	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Is the pinna swollen and inflamed?	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Is there any injury to the pinna?	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Is there a tiny "hole" in front of the pinna?	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Is this infected?	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Is the pinna deformed?	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Is there an abcess on the pinna?	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Is there anything else abnormal that you cannot identify?	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Is the pinna normal?	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Is the pinna absent?	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>

Discuss with your trainer what you have seen and any difficulties that you have had.
